

## PERSONAL INFORMATION GIUSEPPE FERRO

Address VIA FIUME COSENZA n 16 CAP 87100  
Telephone **+393332338156 +39098474776**  
**+447713170032 Skype giuseppferro982**  
E-mail **Ferrog77@libero.it**  
Nationality ITALIAN  
Date of birth 30 June 1977

## PERSONAL STATEMENT

I graduated in 2008 in “Cardiac Physiology and Cardiovascular Perfusion Technologies” at University Magna Graecia Catanzaro Italy  
During this period, I achieved important academic results, advanced knowledge of the role and expertise in operating theatres.

## EDUCATION AND TRAINING

### Ecocardiography master General Electric Milan 2016

During my Masters in Milan, one of the best laboratories in Italy, which gave me the possibility to acquire knowledge of the role, confidence In this master my skills are perfected in window echocardiography of the aortic arch, epical view 2 chambers, epical view 4 chambers epical view 3 chambers, parasternal view short axis large vessels left and right vein anatomy is the aortic flow tract

- Certificate of training course on the platform for ECMO 2010/2011
- XXX National Congress of the Italian Society of Invasive Cardiology 1<sup>st</sup> and 4<sup>th</sup> day Common Session
- XXX National Congress of the Italian Society of Invasive Cardiology 2<sup>nd</sup> and 3<sup>th</sup> day Nursing Session
- Advanced mini course for all Professional Figures organized by the Italian Society of Invasive Cardiology
- XXX National Congress of the Italian Society of Invasive Cardiology –Certificate of Attendance as a participant at a congress
- Participation in the event Alternative Surgery to Heart Transplant in the field of the Seminars of Cardiovascular Medicine and Surgery of Magna Graecia University
- CEC: Results Improvement thanks to Technological Progress
- Coronary Surgery in the third millennium
- The Aortic Balloon Pumping in the Clinical Setting
- Ventricular Assistance
- Respiratory Management of the Cardiac Surgery patient
- Pediatric Cardiac Surgery
- Intimal hyperplasia
- Arrhythmia Surgery
- The Ventricular remodeling: “ Are we able to improve the prognosis of IMA?”
- Cardiovascular Pathologies in the Nephropathic patient
- Topical debate in Mitral Surgery
- Certificate of attendance at 31<sup>st</sup> National Congress of the Italian Society of Invasive Cardiology Nursing Session
- Certificate of attendance at Haemodynamics course
- Certificate of attendance at Advanced Haemodynamics course

- Certificate of attendance at the course Therapeutic adhesion and prescriptive suitability for an efficient cost of the secondary prevention after SCA
- Certificate of attendance at the congress “Update in Invasive Cardiology”
- Certificate of National Congress “CardioReggio”2011 -from the territory to the hospital
- Management of the patient with a serious acute hypoxemic respiratory failure
- Academy of Emergency Medicine and care : “ The unstable patient”: only a culture for all
- The Electric Therapy in the Cardiac Failure and in the prevention of sudden death: cost efficiency and sustanaibility
- Leukaemias in Adults: Have there been any improvements?
- UMG the Heart in The Magna Graecia
- A theoretical-practical course of clinical phlebology, mini invasive surgery, sclero-laser therapy and Elastic compression
- Workshop in mini invasive surgery and new techniques in comparison
- The Palliative therapy with special techniques of metastatic disease
- Refresher Course: Gender Medecine: Female cardiology
- Training course: system of thoracic compression.

## Bachelor of Science Degree in Cardiac Physiology & Cardiovascular Perfusion Technologies (10/2004-11/2008)

Thesis title: **“Pharmacokinetics and famacodynamics of heparin and protamine sulfate in interventions in Extracorporeal circulation”**

Object: an experimental retrospective study on the various perfusion techniques adopted in our Centre for this kind of surgical treatment, followed by the analysis of outcomes.

Supervisor: Prof. Luca Gallelli Final Vote:

86/110

## High School graduation (06/1999)

Itis Antonio Monaco Cosenza Italy

## TRAINING AND ABILITIES

I worked from 2008 to 2017 at the Hospital of Cosenza U.O Cardiology in the laboratory of Hemodynamics I have witnessed 4000 procedures of coronary and PCI

Assisted directly with the indeflator for coronary angioplasty.

Review and record patient history and supporting clinical data.

Assist the Cardiologist in the performance of all cardiac invasive procedures.

Monitor patient’s blood pressure and heart rate with EKG equipment.

CATHETERIZATION SKILLS: (Assisted in the following procededures)

Cath Lab Technology

Coronary Angiography

Peripheral Angiography & Angioplasty

Carotid Angiography & Angioplasty

Right Heart Catherization

IABP insertion

Rotablator Rotational Atherectomy

Operation of Volcano IVUS & FFR

#### HIGHLIGHTS

Profound knowledge of cardiovascular technology

Strong familiarity with various cardiovascular medications

Extensive knowledge of cardiovascular testing procedures

Excellent ability to work well in high pressure situations

Solid ability to communicate with patients and doctors

Excellent observational skills

Capable of assisting with the transfer of patients

#### PERSONAL SKILLS

Mother tongue(s)

Italian

Other language(s)

Proficient user of English Spanish, Portugais, Français

Communication skills

Good communication skills with both colleagues and patients, acquired during my traineeship

Driving licence Digital competence

B

Independent user of Microsoft Office tools (Word, Excel, PPT), good command of photo editing software's

ADDITIONAL INFORMATION

Hobbies

Playing football and watching sports in general, reading books, watching movies and spend quality time with colleagues and friends

Referees Available upon request
